

Thank you for purchasing the AUX BOTTLE CAGE KIT.

Please read the following instructions thoroughly before attempting to install this product.

Proper installation is required for safe riding. Contact us or a bike mechanic if you need further assistance with certain steps.

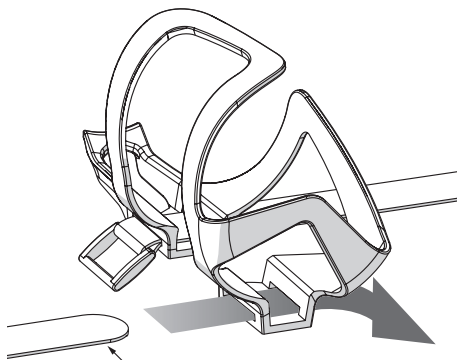

CONTENTS

· Carbon fibre cage	-----	1 PC	· Hook-and-loop straps	-----	2 PCS
· Silicone grip pad	-----	1 PC			

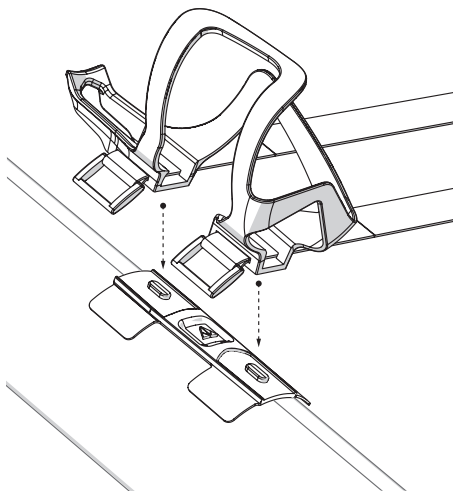

BOTTLE CAGE KIT INSTALLATION

1. Pass the hook-and-loop straps through the openings on the bottle cage.

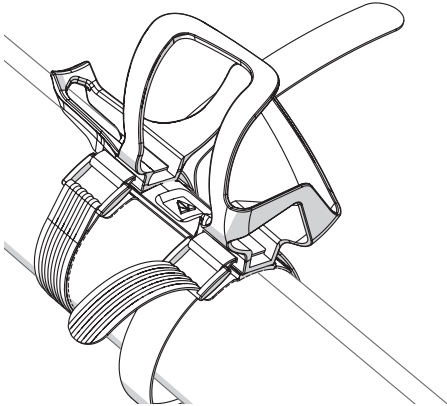

2. Clean the surface where you want to mount the bottle cage.
Place the grip pad between the cage and the frame.

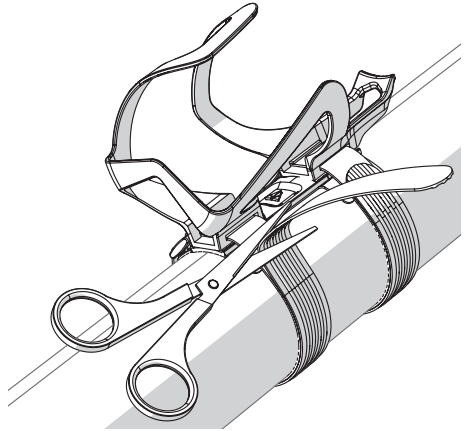

Note:
The silicone coated layer should be facing downwards.

3. Loop the straps around the frame tube and through the buckle. Fasten the straps whilst locking the buckle close to the cage.

4. Trim the excess straps. Check the tightness of the cage and you're good to go.

5. AUX bottle cage is ready to carry your extra bottle.
